Professional summary

As a highly skilled Front End Developer I have a proven track record of delivering exceptional user experiences through my strong design and development skills. My biggest achievement includes leading the revamp of a company's website which resulted in a 30% increase in user engagement. My attention to detail, creative problem-solving abilities, and proficiency in HTML, CSS, and JavaScript allow me to develop responsive and visually appealing websites. With a passion for staying updated with the latest technologies and trends
